Discover our tool

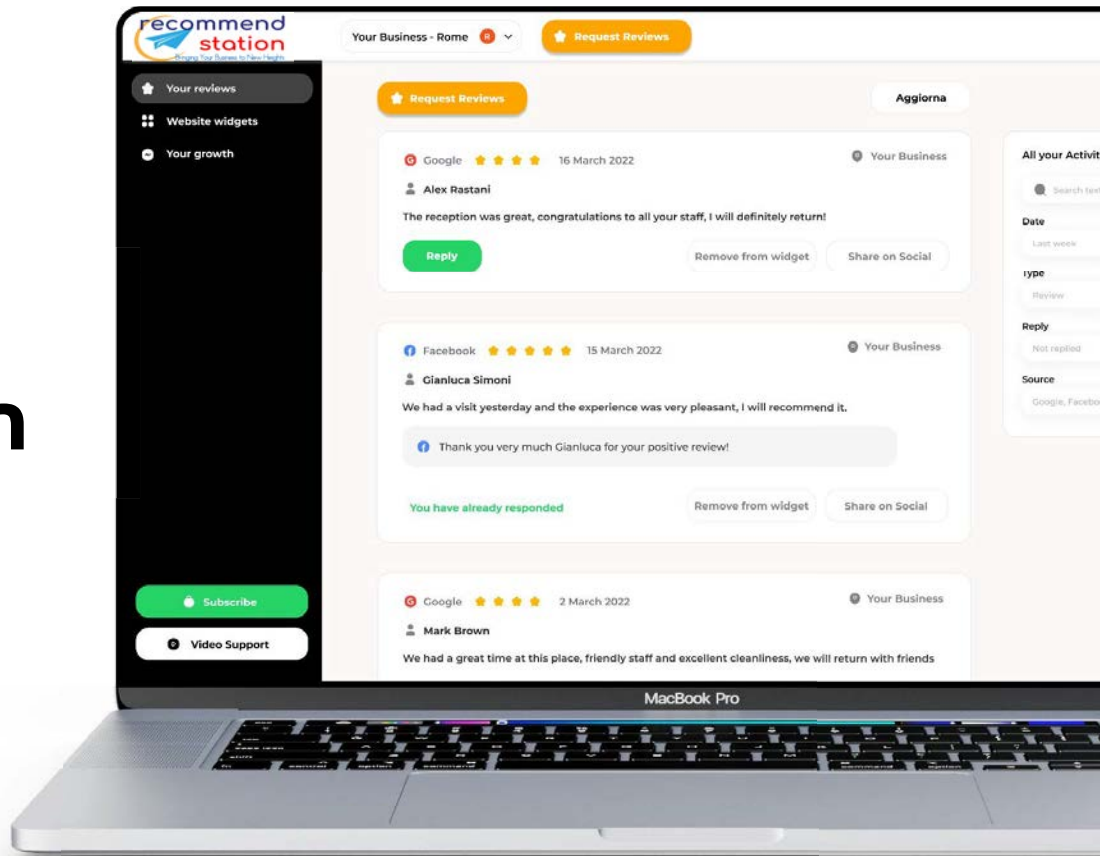

We are a platform that enables businesses to make the most of the power of online reviews.

With the help of our tool **you will increase positive Google reviews in a few months**, share them automatically on your site, and start attracting customers from the web.

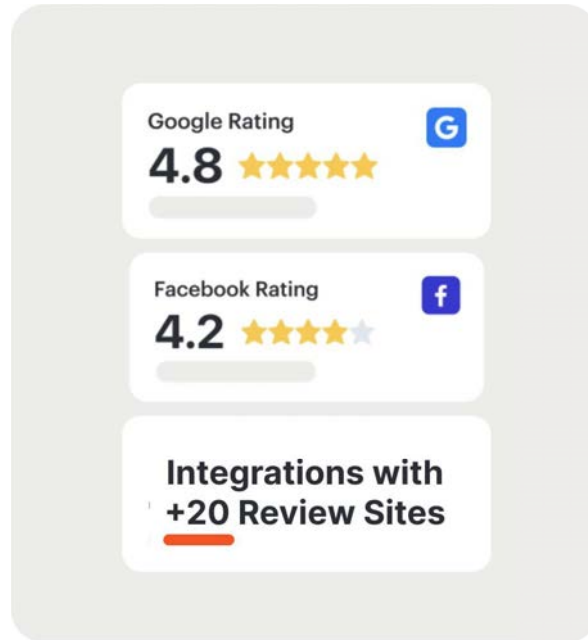

Improve your online reputation

Analyze, generate, monitor and share online reviews to improve your company's reputation and attract new customers.

Get reviews where it matters

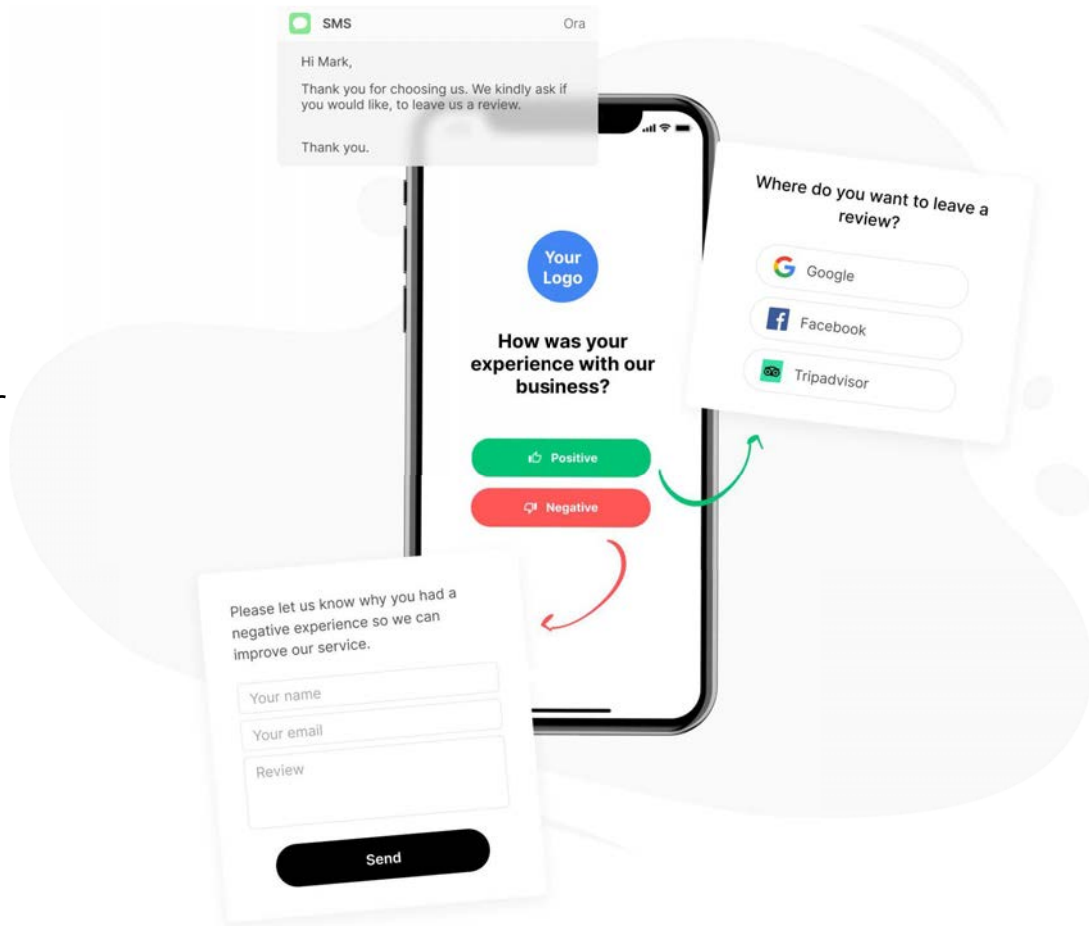

Connect Google, Facebook and other +20 sites where you are receiving or want to receive new positive reviews.

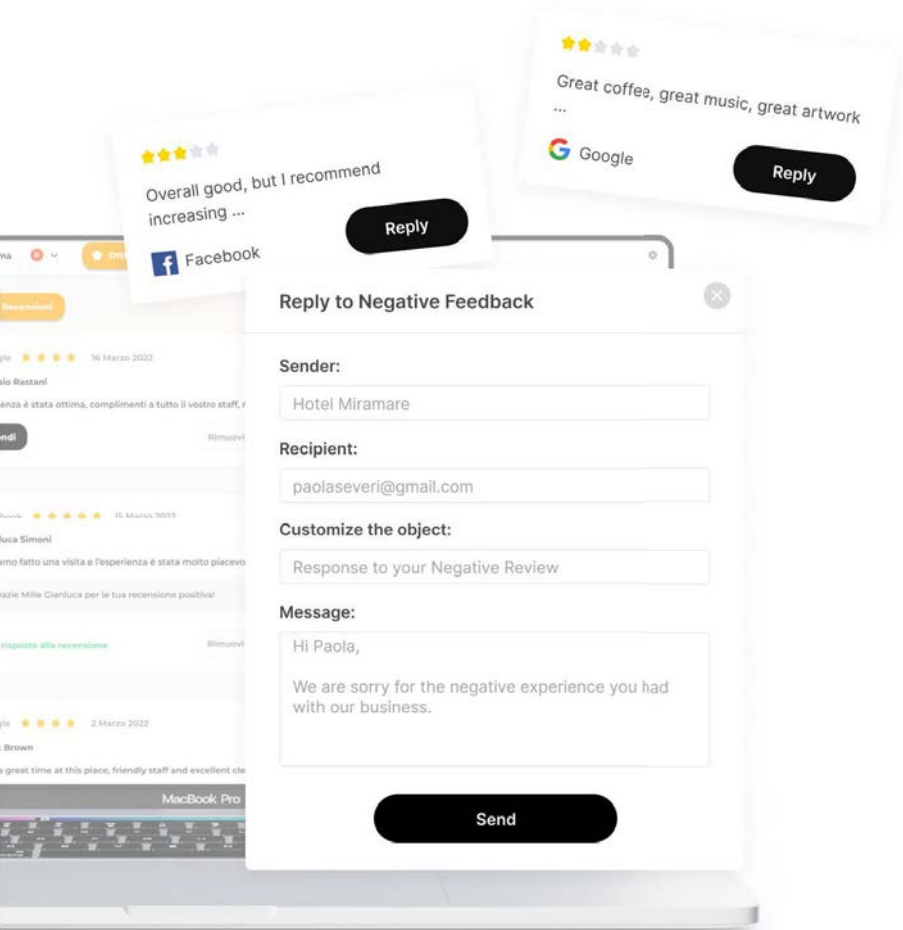

👍 Features

Get new positive reviews, avoid the negative ones

- Get new reviews by inviting your customers to review you via customizable e-mail or SMS, or on-site via QR code.
- Protect your reputation with an optional system that captures dissatisfied customers, keeping negative feedback private.
- Choose on which platforms you want to increase the number of positive reviews.

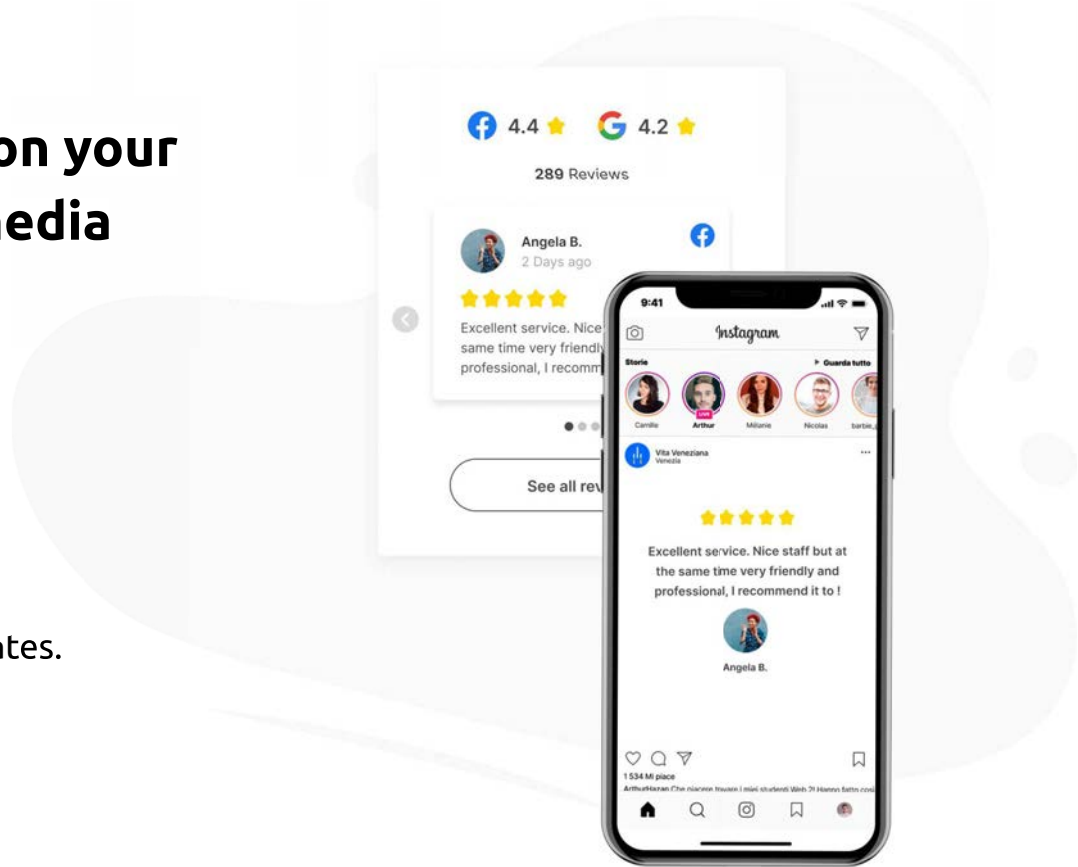

Monitor and reply to all the reviews from one place

- View all reviews received in the various related review platforms, day by day.
- Be sure to respond to all reviews you receive to show closeness to your customers.
- Respond to private negative feedback to regain your customers' trust, and figure out how to improve.

Features

Show the best reviews on your website and on social media

- Create a carousel or feed of your best reviews and easily post them on your site.
- Share the best reviews on your Facebook page, Instagram, or Twitter, via customizable templates.
- Schedule the posting of reviews on social to create your own review-based marketing strategy.

Your new Review Management Platform

The image displays the Recommend Station Review Management Platform interface, annotated with handwritten text and arrows to highlight key features:

- Ask for reviews in 1 click:** An arrow points to the "Request Reviews" button in the top navigation bar.
- On your website:** An arrow points to a smartphone displaying a widget titled "Our Clients Say..." which shows a 4.4 and 4.2 star rating and 289 reviews.
- Reply from here:** An arrow points to the "Reply" button under a review from Alex Rastani.
- Share on Social media:** An arrow points to the "Share on Social" button under a review from Gianluca Simoni.

The main interface shows a list of reviews from Google, Facebook, and Google, each with a "Request Reviews" button and a "Reply" button. A sidebar on the left contains "Your reviews", "Website widgets", and "Your growth". A top navigation bar includes "Your Business - Rome" and "Request Reviews". A dropdown menu for "Request Reviews" lists contacts: Tom Chinellato, Albert Scardi, James Matta, and Elisa Rossi, each with a "Request" button. A right sidebar titled "All your Activities" includes a search bar and filters for Date, Last week, Type, Review, Reply, and Source.

Our Clients get:

★ Positive Reviews

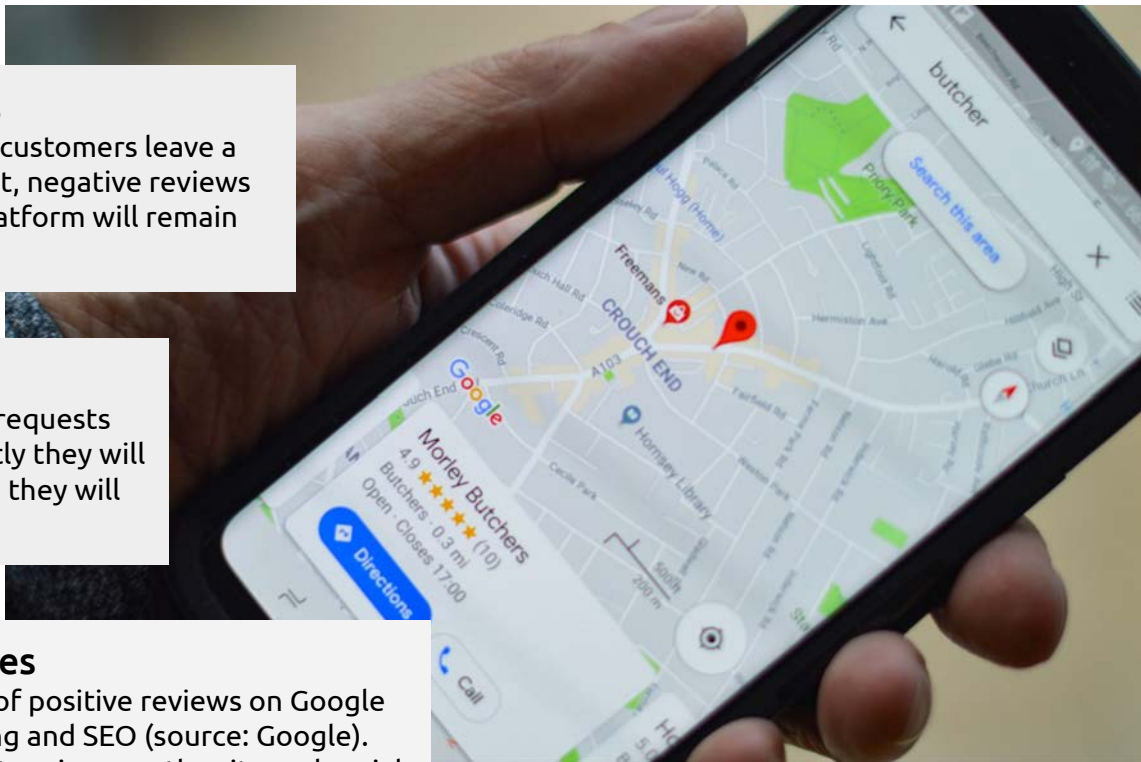

More than 20% of invited customers leave a positive review. In contrast, negative reviews generated through our platform will remain private.

😊 Satisfied Clients

Involving your customers in review requests makes them feel heard, consequently they will be more loyal to your company, and they will speak well of you.

💰 More Sales

A high number of positive reviews on Google improves ranking and SEO (source: Google). Sharing the best reviews on the site and social media attracts new customers.
